2) The Senior Surgeon says that he is of opinion that such examination by medical officers might not be held to come under "Private practice". But the medical officers will perhaps have to use Hospital medicines & appliances for the examination of private cases for insurance and the medical officers concerned may also get a Commission from the Insurance Companies. The propriety of the former is doubtful and the latter would perhaps be objectionable in view of the Spirit of Rule 3(6) of the rules issued with G.O. of 18.7.16.

3) If the Senior Surgeon's view is accepted, the words "of every description" in Rule 3(6) of the G.O. may, perhaps, have to be deleted or any exception made in cases of Insurance examinations.

Strictly speaking, the Rule as it stands seems to include such cases as well.

Vide also Rule 10 of the "Rules for the Conduct of Public Servants"

Why, Strictly Speaking.

The rule does include the cases beside in point.

They yield some remuneration to an officer at the expense of public time

General Deptt., Bangalore.

Sir,

With reference to the "Rules regarding Medical attendance" issued with Government order No. 571-621/ Med. 83-15-9, dated the 18th June 1916, I have the honor to state that Rule 3 (b) debars certain officers of the Medical and Sanitary Departments specified therein from taking up "Private practice of every description"

R

The question has been raised whether "Private practice" as used in those rules includes the Medical examination of cases for life insurance on behalf of private/Insurance companies. My opinion is that such examination ought not to be held to come under "Private practice" which expression is evidently intended (as the heading of the rules clearly indicates) to mean the privilege of attending on private patients and giving them professional advice or treatment or both and receiving renumeration from them for such work.

The use of the words "Of every description", how-
